Strauss, Chas. E Lottie 2 Dec 1912

December 1st, 1913

Mrs. Strong,

Chateau Laurier,

Ottawa.

Dear Mrs. Strong:

I am sorry that it will be impossible for me to go to Ottawa next Thursday. I have already promised to be here that evening, and I have important engagements on Wednesday night and on Friday night. I shall be glad, however, to use what influence I have to induce our Governors to give some support to the British School at Rome, which is probably the most practical and effective aid that I can contribute. I hope that by starting the matter in Ottawa you will be able to appeal to the rest of the Dominion.

I regret that you have been suffering from a severe attack of influenza, which I am afraid must have been brought on by the very full programme that was laid out for you.

With kind regards,

I am,

Yours sincerely,

President.
